In a moment: a pop-up exhibition of emerging artists

Five young, ground-breaking, award-winning artists.

Lauren O'Connor | Lilli Strömmland | Olivia Chin | Sadhbha Cockburn | Susie Choi

In a moment: a response when work is interrupted; something about to happen; the transience of showing; there soon, then gone. Three days, five artists – blink and you will miss them, for they'll be on their way...

The **ARTSLAB**, in association with Arts in the Valley ART Trail 2024, will be showing a collection of vibrant, new work from five young award-winning artists from Sydney and Melbourne, over the October long weekend at Upper River Hall. As well as being able to

see and buy their work over the long weekend as part of the Arts in the Valley ART Trail, you are invited to meet them over afternoon tea and hear them speak about their art and inspiration on Sunday 6th October at Upper River Hall.

For more information about each artist and their work, visit:
